

# Champ-Richer Snacks

A wealth of recipes for healthy skin and beautiful coat of your dog

duck

chicken

turkey

salmon

cod

*Masterful taste*

The **Champ-Richer** brand (formerly Champion) is known to the pet owners for its high-quality shampoos, conditioners and styling products.

**From now on, Champ-Richer offers also a line of health-promoting treats created for your dog's healthy skin and beautiful hair.**

Champ-Richer Treats:

- They were manufactured using modern extrusion technology, which enabled the filling enriched with health-promoting ingredients to be placed in a crispy shell.
- They are a valuable addition to the daily diet, and can also serve as a tasty reward (e.g. served after a bath, during training, or playing).

**With Champ-Richer cosmetics and treats, you can take care of your dog's skin and hair in a comprehensive way, enhancing its natural beauty.**

Every treat contains:

#### BIOTIN (VITAMIN B<sub>7</sub>, also known as vit. H

Known as the "beauty vitamin", it supports the process of keratin formation – a natural building component of skin and hair, which also reduces greasiness of the coat.

#### RICE FLOUR – FOR BETTER TOLERANCE

Formulations based on rice flour to minimise the risk of food intolerance. Easily digested, it is obtained from milling rice grains

#### OMEGA 3 and 6 FROM LINSEED OIL

Polyunsaturated fatty acids derived from the pressing of linseed oil.

- **Omega 3** increases the body's immunity.
- **Omega 6** is an important component of your dog's diet which has a beneficial effect on its skin and coat.

Dogs are incapable of producing Omega 3 and 6 acids on their own, so it is important to supply them with food or supplementation. Source: linseed cake and linseed oil.

**Snacks do not contain artificial colouring, preservatives, wheat, soy and GMOs.**
