

SKIN TABS

supports skin condition and shiny coat

SKIN BALANCE FORMULA – contains key active ingredients such as zinc, biotin and sulfur amino acids (L-methionine and L-cysteine), which play an essential role in proper skin renewal, keratin synthesis and maintaining optimal skin hydration.

Recommended use:

- during shedding
- for dry and flaky skin
- for animals requiring dermatological support
- to improve the overall condition of the coat

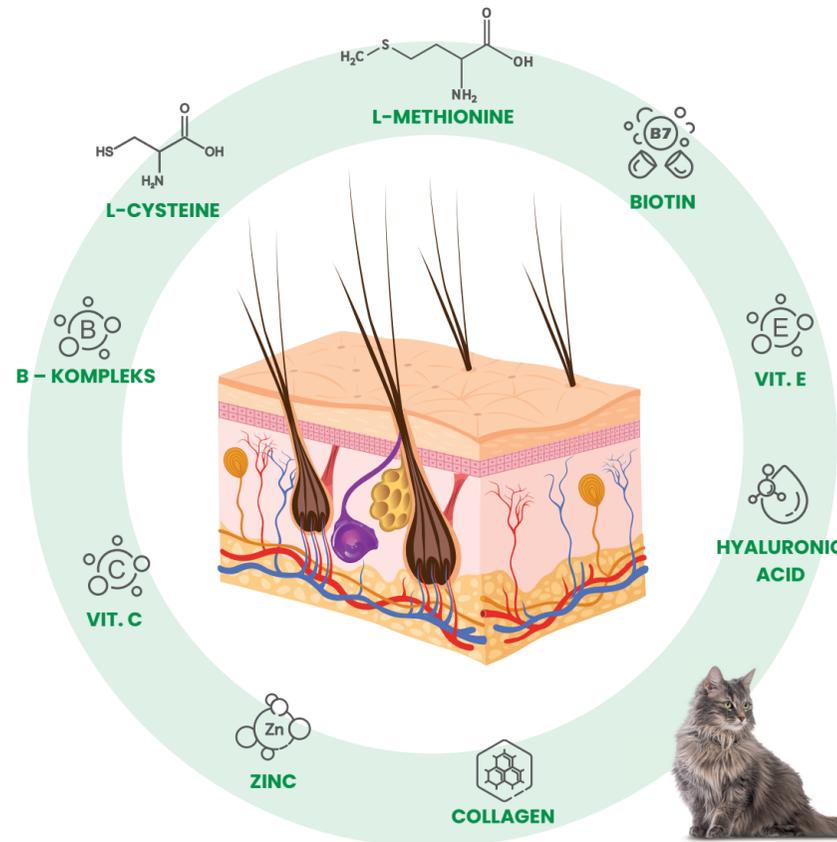

INGREDIENT	PER 1 TABLET	INGREDIENT	PER 1 TABLET
Collagen	224 mg	Vit. B1	960 µg
Hyaluronic acid	800 µg	Vit. B2	1,0 mg
L-cysteine	40 mg	Vit. B12	3,2 µg
L-methionine	40 mg	Vit. E	2 mg
Biotin	1,6 mg	Vit. C	25,6 mg
		Zinc	4,9 mg

80 TABS.
1,6g / 10 kg of body weight

Comprehensive skin reconstruction acting on four key levels:

- **keratin synthesis** – thanks to sulphur amino acids: L-methionine and L-cysteine
- **skin barrier integrity** – supported by zinc and biotin
- **dermal structure** – through the involvement of collagen
- **skin hydration** – provided by hyaluronic acid

DEVELOPED WITH THE NEEDS OF VETERINARY SURGEONS AND PET CARERS IN MIND

Every day you make decisions that have a real impact on the health and comfort of animals. That is why we provide proven products and well-designed solutions created to support the health of your patients. Our formulas are based on solid scientific knowledge and research, guaranteeing effectiveness and safety you can always rely on.

dr Seidel +

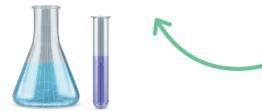

CREATED BY EXPERTS

Dr Seidel supplements have been developed in cooperation with technologists, dietitians and veterinary surgeons. We combine science, research and experience to ensure safe and effective health support for dogs and cats.

ADVANCED FORMULAS

Precisely targeted active ingredients, supported by research and tailored to real health needs of animals.

EASY DOSING

Scored tablets make it easy to give the exact amount of supplement

TASTY

Tablets are flavoured with hydrolysed liver, making them readily accepted by animals.

IN-HOUSE PRODUCTION

Every stage – from formulation to packaging – is carried out in Poland, ensuring the highest quality and safety for animals.

NEW DIETARY SUPPLEMENTS

PRODUCTS AVAILABLE EXCLUSIVELY FOR VETERINARIANS

ARTHRO TABS

supports mobility and proper joint function

CHONDROACTIVE FORMULA – combines three key ingredients – glucosamine, chondroitin and MSM, which work synergistically to support cartilage renewal and maintain joint flexibility. Additionally, collagen and hyaluronic acid help nourish and maintain proper joint structure.

Recommended use:

- for animals requiring musculoskeletal support
- young animals in the growth phase
- for active dogs and cats exposed to excessive strain

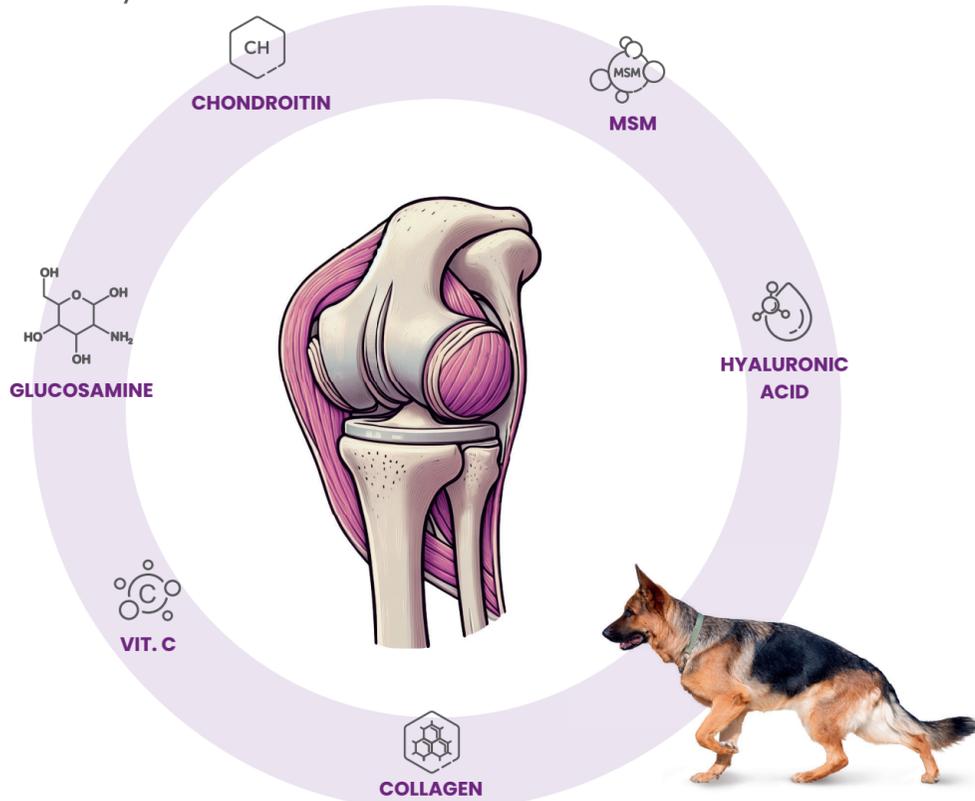

INGREDIENT	PER 1 TABLET
Collagen	504 mg
Glucosamine	352 mg
Chondroitin sulfate	104 mg
MSM	41,6 mg
Hyaluronic acid	51,2 g
Vit.C	32 mg

80 TABS.
1,6 g / 10 kg of body weight

Multilevel biomechanical joint protection acting on the key elements of the locomotor system:

- **articular cartilage structure** – glucosamine and chondroitin
- **tissue elasticity and strength** – collagen supported by vitamin C
- **smooth movement and shock absorption** – hyaluronic acid
- **joint comfort and mobility** – MSM

HEPATIC TABS

supports proper liver function and renewal

HEPATOPROTECT FORMULA – combines liver supporting ingredients (silymarin and silybin), which help cells against oxidative stress and help their renewal. It also contains carefully selected amino acids: L-arginine, L-glutamine and L-cysteine, that support the body's natural cleansing – which aid the body's natural detoxification processes, support proper protein and fat metabolism, and help maintain optimal liver condition.

Recommended use:

- during periods of increased demand for liver strain (e.g., when using burdening medications)
- during recovery periods
- for maintaining optimal liver function

INGREDIENT	PER 1 TABLET
L-Arginine	80 mg
L-Glutamine	80 mg
L-Cysteine	20 mg
Betaine	72 mg
Milk Thistle	56 mg
Silymarin (from Milk Thistle)	44,8 mg
Silybin & Isosilybin (from Milk Thistle)	16,6 mg
Zinc	3,6 mg
Vit. E	32 IU

80 TABS.
1,6 g / 10 kg of body weight

Health support at every stage of life

MULTI TABS

vitamins, minerals and probiotics

NUTRI BALANCE FORMULA – combines vitamins, minerals, probiotics and antioxidants, that support proper digestion, immunity, metabolism, proper skin condition and coat, and help protect cells against oxidative stress.

JUNIOR TABS

supports proper development and growth

NUTRI PRO FORMULA – is a carefully selected complex of vitamins and minerals, including calcium and phosphorus, which are essential for healthy bone and tissue development. It also contains the probiotic *Enterococcus faecium* and inulin, which help maintain proper gut microbiota and support nutrient absorption.

Recommended use:

- for puppies and kittens from 6 weeks of age
- especially after weaning
- during dietary changes
- in periods of increased demand for micro- and macronutrients

Recommended use:

- supplementing the daily diet of adult and senior animals
- during periods of convalescence
- dietary changes
- increased demand for micro- and macronutrients

INGREDIENT	PER 1 TABLET
<i>Enterococcus faecium</i>	4,6x10 ¹¹ CFU
Inulin	64 mg
Vit.A	352 IU
Vit. E	3,2 mg
Selenium	10,8 µg
Vit. D3	43,2 IU
Vit. B1	100,8 µg
Vit. B2	230,4 µg
Vit. B6	115,2 µg
Vit. B12	2,3 µg

80 TABS.
1,6 g / 10 kg of body weight

INGREDIENT	PER 1 TABLET
Biotin	9,2 µg
Folic acid	27,4 µg
Calcium pantothenate	921,6 µg
Iron	9,9 mg
Zinc	331,2 µg
Copper	665,3 µg
Iodine	57,6 µg
Magnesium	69,6 mg
Calcium	156,8 mg
Phosphorus	102,4 mg

INGREDIENT	PER 1 TABLET
Niacinamide	2,2 mg
Biotin	9,2 µg
Folic acid	41,0 µg
Calcium pantothenate	1,9 mg
Iron	23,6 mg
Zinc	8,9 mg
Manganese	0,7 mg
Copper	3,2 mg
Iodine	0,2 mg
Magnesium	49,6 mg
Calcium	137,6 mg

80 TABS.
1,6 g / 10 kg of body weight

INGREDIENT	PER 1 TABLET
<i>Enterococcus faecium</i>	1,6x10 ¹¹ CFU
Inulin	64 mg
Vit. A	928 IU
Vit. E	5,5 mg
Selenium	28,1 µg
Vit. D3	101 IU
Vit. B1	0,3 mg
Vit. B2	0,5 mg
Vit. B6	0,3 mg
Vit. B12	4,6 µg
Phosphorus	102,4 mg

ODOUR CONTROL TABS

neutralizes unpleasant odours

FLORA FRESH FORMULA – contains Yucca Schidigera and chlorophyllin, which neutralize odours originating from the mouth, skin and digestive tract. Additionally, the included yeast supports proper gut microbiota, reduces excessive fermentation and helps maintain fresh breath.

Recommended use:

- to reduce unpleasant odours associated with a **sensitive digestive system** (fermentation, diet changes, sensitive intestines)
- **in cases of unpleasant breath or skin odour** indicating the need for digestive and microbiota support
- during hormonal changes, especially **during heat in female dogs and oestrus in female cats**

INGREDIENT	PER 1 TABLET
Yucca Schidigera	140 mg
Chlorophyllin	40 mg
Inactivated yeast	893,6 mg

80 TABS.
1,6 g / 10 kg of body weight

SENIOR TABS

supports overall condition of older animals

NUTRI AGE FORMULA – combines HMB, L-carnitine, beta-glucan, lecithin, glucosamine and vitamin E, which support the maintenance of proper muscle mass, joint function, immunity, metabolism, heart function and cognitive performance.

Recommended use:

- for dogs and cats from 7 years of age
- during periods of reduced energy
- in cases of decreased physical condition
- in situations of impaired mental performance

INGREDIENT	PER 1 TABLET
HMB	113,1 mg
L-carnitine	75,2 mg
1,3/1,6-beta-glucan	76,8 mg
Lecithin	16 mg
Vit. E	1,6 mg
Glucosamine	37,6 mg

80 TABS.
1,6 g / 10 kg of body weight
